

EZ Koat Web 15 Plus HD

- Cost effective, high productivity flood coating and priming system
- Easily apply UV, aqueous, specialty coatings and primers
- Can be used for sheets or rolls
- Ideal for mid to large run label printers and converters
- Accepts rolls up to 23" (584mm) in diameter
- Small footprint
- Provides coating control and speed adjustment on-the-fly with color touch screen
- Uses Solid State Digital UV lamp controller that permits infinite curing and temperature control, saving power and money
- Eliminates the need for re-circulation of the coating – no waste!
- 2-minute coating change (no tanks to clean!)
- Made in the USA

This large capacity UV/Aqueous coating system is perfect for label and web applications where roll to roll coating and priming is necessary. The EZ Koat Web 15 Plus HD provides a quick and easy way to apply UV, aqueous, primer & specialty coatings to a wide variety of substrates, including those that are digitally printed. With a small footprint, this high-powered roll to roll coating system provides abrasion resistance and added durability for products with repeat handling and shipping, protection from the outdoor elements, and shields against chemicals, cleaners, fingerprints, food and water.

SPECIFICATIONS

WEB SIZE:	14"W x 23"D (355mm x 584mm) (3" Diameter core/76.2mm Diameter core)
UV LAMP:	Solid state - variable UV 70-200 watts/inch (Optional 70-400 watts/inch)
SPEED:	up to 100 fpm (30.5 m/m)
STOCK WEIGHT:	3pt to 20pt (60 to 500 g/m ²)

Kompac Coatings & Primers

A proper coating can enhance the appearance and durability, increasing the printed product's value. Kompac offers a wide range of finishing options, with a complete line of UV, aqueous, specialty coatings and primers available for all products. Kompac will help you create a visually outstanding finished product! Place orders through our website, or by contacting our sales department. Available in 1, 2.5 & 5 gallon pails, these coatings can be ordered and shipped worldwide.

In addition to regular coatings, Kompac has developed custom coating solutions for special applications, and aqueous and UV primers for difficult to print on substrates. These special purpose coatings can be used for the following applications:

- Soft touch • Writing/gluing • Dry erase • Silver/gold scratch off • Blister packaging
- Non-skid/sand • Food grade application • Playing cards • White opaque

About Kompac

Kompac is the leading manufacturer and supplier of an extensive line of coating machinery and products to satisfy the needs of the print and graphic industry, worldwide.

Made in the USA, Kompac products are manufactured & distributed from their headquarters in Somerville, NJ. Their extensive line of coating products includes: in-line/offline, web/sheet-fed UV/aqueous coating equipment, flood coaters, spot coaters, IR dryers, stackers, feeders, solution vacuum, UV/aqueous coatings & environmentally friendly cleaners. In addition, Kompac offers a complete line of coating blankets, packing, mylar plates, UV/IR replacement bulbs and more.
