

Jog-Fast™

Paper Jogger

The Jog-Fast™ Paper Jogger from Standard represents a great value among paper joggers. A basic necessity for making paper easier to handle for duplicating and print finishing, the Jog-Fast is ideal for any office or print environment that is doing medium to large paper handling.

- *Solid construction*
- *Jogs full ream of 8.5" x 11"*
- *Jogs 1/2 ream of 11" x 17"*

 **STANDARD**

Jog-Fast™

The Jog-Fast™ Paper Jogger from Standard makes duplicating and print finishing easier to handle. With its simple vibrating system, the Jog-Fast fluffs paper, dissipates static electricity and aligns paper edges for efficient gathering for folding, collating, binding and more.

Simple

The Jog-Fast ships completely assembled and ready to go at the switch of a button and will provide years of trouble free operation.

Versatile

The Jog-Fast is able to hold a full ream of 8.5" x 11" paper or one half ream of 11" x 17".

Solid Construction

An isolation-mounted eccentric weight movement and self-aligning, oil-impregnated bearing help the Jog-Fast to provide consistent performance. Additional product features, like a hardwood and steel basket and a high-impact, one-piece shell, all contribute to the unit's overall quality and value.
