Model 5080

Electric Stapler

Model 5080

ISP Stitching & Bindery Products introduces the Model 5080 Stapler which utilizes a 5,000 staple cassette. Every time you replace the staple cassette, you automatically replace the driver blade and staple former blade for durable, trouble free stapling of up to 80 sheets!

Model 5080 Features:

- Stapling performance - staples up to 80 sheets 5,000 times per cassette
- Service life - low life-cycle cost; (worn parts automatically replaced with every fresh cassette)
- Flexible - adjustable stapling depth and precise stapling of up to 80 sheets
- Functional - precision stapling due to flat clinch (flat, neat corners)
- User friendly - easy to understand instructions and simple loading. Reload indicator light shows well before staples run out.
Green=Ready for use
Red=Replace cassette (only 19 or fewer staples left)
- Working environment – quiet operation, low vibration
